Dear Prof. Hector Avalos

Thanks a lot for your excellent paper (Scientific one)  
"May at Nedjugoje - A critical Inquiry -"

I was in Nedjugoje last April, and I will be present  
with all my faculty first September 95.

Sensually, I think that Nedjugoje phenomena  
are very important for the World, and probably  
are the only solution to gain "peace"

in ex-yugoslavia.

Maybe, it would be very important to convince  
some American Cardinal or Bishop to go  
in private pilgrim in Redjugaze, and to  
see exactly what happens in this area of  
Bosnia - Herzegovina.

Hopping to see you in France,  
America, or in Redjugaze

Sincerely

Jews
